

S33A2-3636CSA

36 in x 36 in x 76 in (915 mm x 915 mm x 1930 mm)

FEATURES

- Reinforced Age-In-Place Backing
- Durable high gloss finish
- Smooth wall, 4 piece molded sectionals
- Pre-leveled base
- Caulkless installation
- Leakproof right angle joint flanges
- Easy wedge & lock installation
- Multiple integral soap shelves
- Center drain
- Slip resistant, textured bottom
- Available in White
- 15-year residential limited warranty

What is A² Composite?

Lightweight and durable, our A² Composite is an engineered compound of resin, glass and special fillers formed into sheets. These sheets are then placed under high pressure and heat to liquefy the compound, allowing it to flow and take the shape of almost any form imaginable. The results are simple, stylish and a snap to install.

What Does Reinforced Age-In-Place Backing Mean?

Our reinforced walls have wood support installed on the back of every back and sidewall to provide support for the installation of grab bars. You may not need them today, but they are there to offer support when you need it in the future.
