DESCRIPTION

Stream33® Straight Stop Quarter-Turn Valve connects to a supply line and allows the control of water flow to a plumbing fixture. The quarter-turn handle easily and quickly turns water flow to the end fixture on and off, making it simple to perform repairs or maintenance without needing to turn the water off in the household.

FEATURES

- Lead-free chrome-plated brass body
- Quarter-turn handle
- Straight stop valve

OPERATING SPECIFICATIONS

- Temperature rating: 41° - 160° F
- Pressure rating: 125 PSI maximum

APPROVALS

- cUPC
- NSF/ANSI 61
- AB1953

MATERIAL SPECIFICATIONS

Body	Brass
Stem	Brass
O-Ring	Rubber
Handle	Zinc
Screw	Stainless Steel
