

Technical Bulletin STB008

Safety Data Sheet for Stream33 Mechanical & Plumbing System Components

Product: Stream33 PEX Plumbing Systems

Date: 15 January 2024

Safety Data Sheets (SDS) are intended to convey potential physical and health hazards associated with the use and handling of chemicals by employees in the workplace. Under OSHA's Hazard Communication Standard, suppliers and manufacturers are responsible for issuing SDS's for chemicals defined as "hazardous" by OSHA. Stream33 PEX Plumbing Systems meet the definition of an "Article" as defined by the Occupational Safety and Health Administration (OSHA) in *Title 29 CFR §1910.1200 - Hazard Communication*, and are therefore exempt from the requirement to provide an SDS. Exposure to hazardous ingredients is not anticipated under normal product use.

The information contained herein is believed to be reliable, but no representations, guarantees or warranties of any kind are made as to its accuracy, suitability for particular applications or the results to be obtained therefrom. Before using, the user will determine suitability of the information for user's intended use and shall assume all risk and liability in connection therewith.
